Business Sponsorship

Armidale & District Amateur Radio Club is a not for profit Community Interest Group with the ability to provide a service to the community in the form of emergency communications in times of natural disaster when extended power outages render normal communications ineffective. Eg mobile phones, two way radio. From an education standpoint, our members are accustomed to on air radio traffic and message handling and these skills are passed on to new members joining the club.

Amateur Radio Clubs worldwide also assist the Scouts and Guides with their Jamboree On The Air weekend in October each year. The international exchange of culture and activities between these children also qualifies them for their communications badge.

Our club house is located at 18 Mann St Newling Armidale and is leased from the Armidale Dumaresq Council and in conjunction with the annual rental of the premises, insurances and licence fees, our memberships don't come close to covering our annual operating costs.

Now we're looking back to the community we serve to help us meet these costs and are hoping that you can find it within your budget to sponsor our club for \$100.00.
